- **CS WASH** project has been implementing in two **DS Divisions**, namely, **Chavakachcheri** and **Chankanaï** in the **Jaffna district, Sri Lanka**.
- **11** out of **85 GN** divisions were selected through proper selection mechanism
- **11 CBOs** also were identified and established as **WASH CBOs**

Madduvil East GN division

Waiting for bowsering

Fetching from Common well

- Madduvil East GN had major issue to access to safe drinking water
- Most of the families are fetching the drinking water from common wells and school well
- Quantity of water at wells are insufficient to fulfill their water needs
- WASH CBO of this GN raised this priority needs since 2012

Advocacy Initiatives

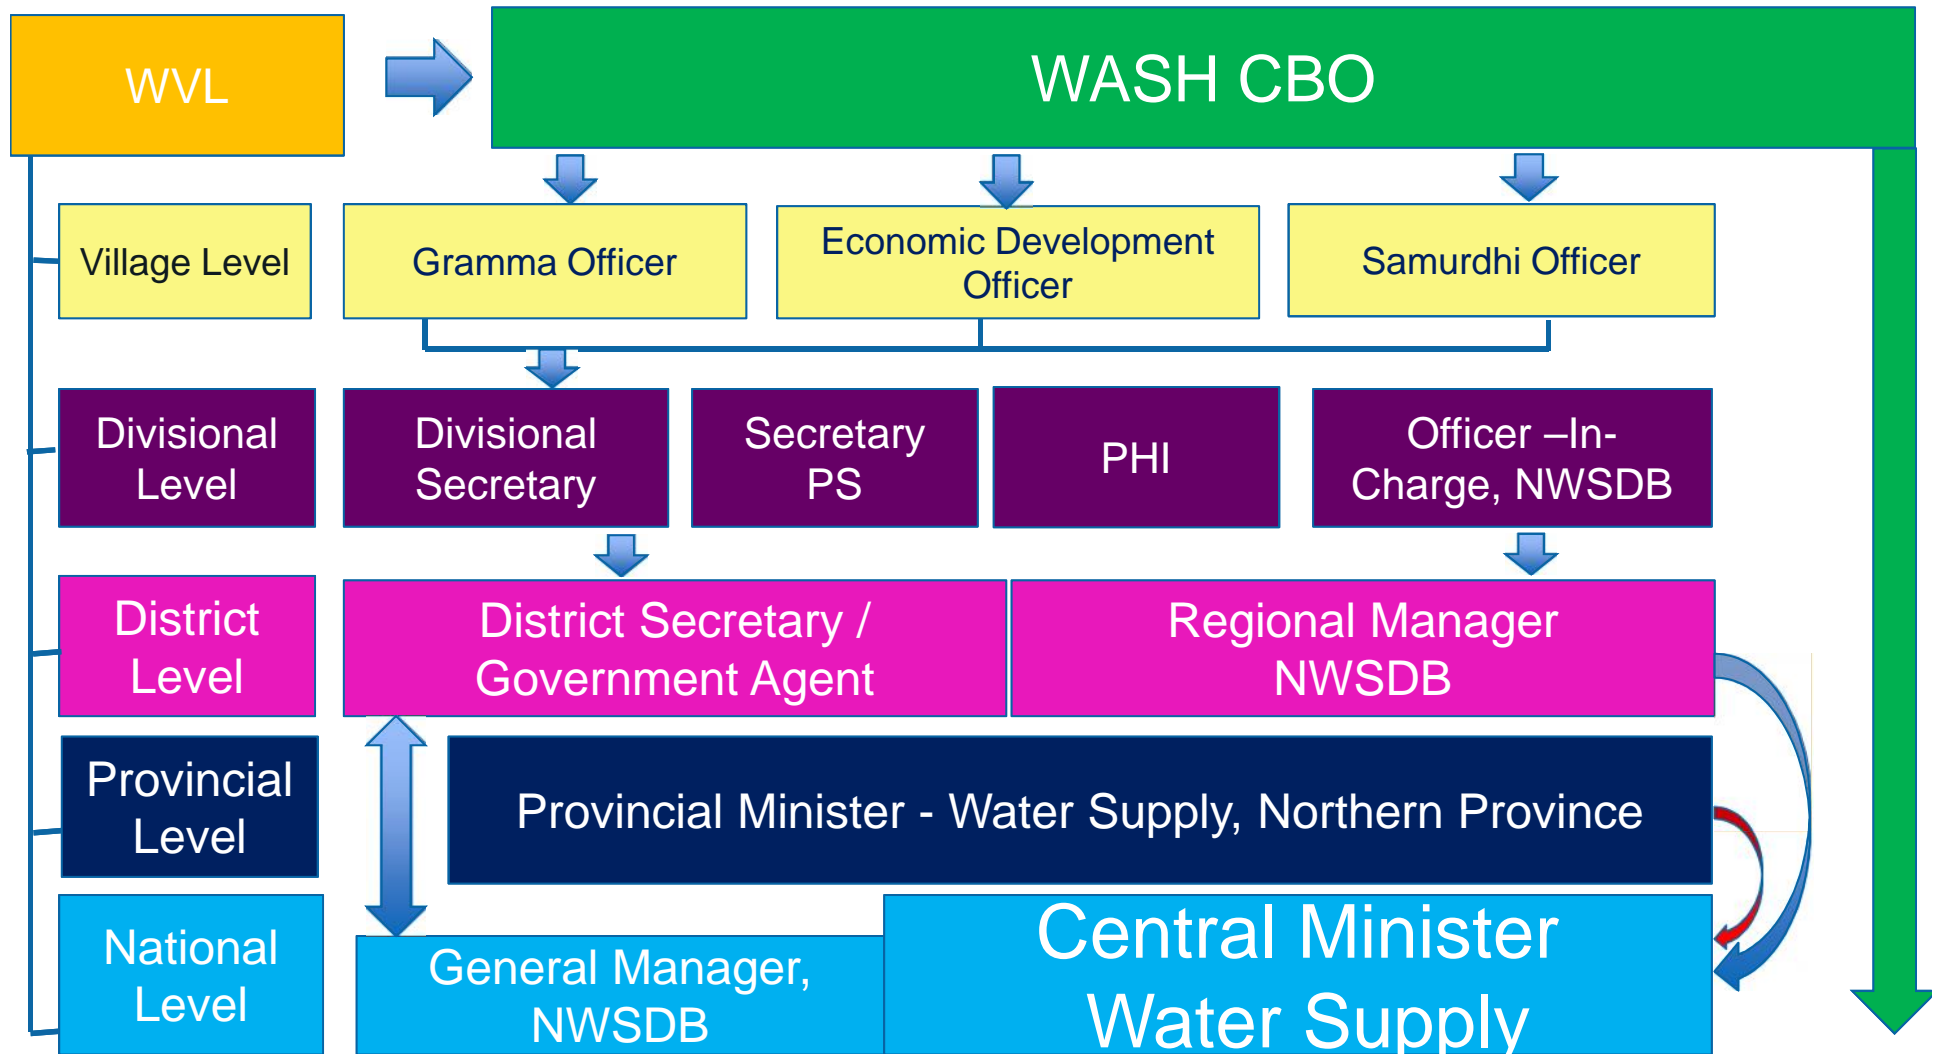

Capacity building training

- **Institutional Connection**
 - WASH CBO, NWSDB, Pradeshiya Sabha, District / Divisional Secretariat, MOH, Road Development Authorities, Northern Provincial Council, Ministry of Water Supply and City Planning
- **Facilitation and Strengthen WASH CBO**
 - Policy Awareness
 - Trainings
- Protection of Water Source Management, Disability inclusive Training, Awareness of Rain Water Harvesting System and Water Clinic and Awareness , etc.
 - Exposure visit
 - Train WASH CBO on NWSDB documentation system

Flow Chart for successful advocacy for lower water connection fee for 117 HH

Small Scale Water Supply Project - Overview

NWSDDB's technical support for pipe laying

Water source protection

- Water source belongs to NWSDDB - borehole well
- 149 HH got water connection
- WVL borne all cost for all materials, pipe laying and construction.
- Skill labours and technical support from NWSDDB
- NWSDDB responsible for Water quality monthly and operation of this scheme
- WVL supported to NWSDDB for protect water source and chlorination dosing pump to ensure water quality.

Involvement of WASH CBO

Maduvil WASH CBO conducts Meeting with beneficiaries

WASH CBO monitor the pipe laying work

- Community Mobilization
- Coordination with relevant stakeholder
- Needy approvals from relevant stakeholders
- Beneficiary selection and support them to meet all expectation of NWSDB
- Demand raise for connection fees at village, divisional, district and national level
- Monitoring the water scheme

Small Scale Water Supply Project – Finance
